COMPETITION POOLS

Right from the functionality all the way till the design, we take care of every bit. Under competition pool we build olympic and semi-olympic pools. They are of the overflow pool type. An Olympic swimming pool requires a lot of conditions to be fulfilled. With our past experiences, this comes easily to us. We can also design and construct semi-olympic pools, which give you a similar feel as that of an olympic pool.

RECREATIONAL POOLS

Here's where you can have a lot of fun! From slides for kids to waterfalls for adults, we do it all. Do have a look at our portfolio to see the various kinds of pools that we have designed and constructed. Some of the recreational pools are infinity pools, overflow pools and skimmer type pools. You can choose the type of pool based on your requirement.
